

NURSERY AUTUMN 2 - 2026

Changes

NEW WORDS...

Melting – becoming liquid by heat.
Boiling – the action of bringing a liquid to the temperature at which it bubbles
Burning – On fire or very hot!
Cooling – having the effect of making something less warm or hot.

THINGS TO TRY AT HOME...

Make some jelly and watch it go from water to wibbly wobbly jelly!
Watch your grown ups cook dinner, help cut and prepare some food. How does it change as it cooks?
Freeze some water and then try different ways to melt it!
Make a poster about how we can help slow down the changes to the Earth

DID YOU KNOW...

Earth is the only planet where fire can burn because there isn't enough oxygen elsewhere.

The oldest ice on Earth is found in Antarctica and is estimated to be around one million years old.

READING SUGGESTIONS

Everything Changes – Clare Helen Welsh
Clean Up! – Nathan Bryon
The every changing Earth – Grahame Baker-Smith
The flickering Fire – Grahame Baker-Smith
The Big Freeze – Pippa Curnick

CATCHY SONGS

Pat-a-cake
5 current buns
Im a little tea pot
Humpty dumpty
Jelly on a plate

OUR WORLD IS CHANGING...

Our world is heating up due to 'Global Warming'.
The ice-caps are melting and the water levels are rising!
How can we make a change to make our lives a little bit greener!
