CHANGES

THINGS WE WOULD LIKE YOU TO LEARN AT HOME...

What changes happen to your food as they are cooked? Can these changes be reversed?

Changes that have happened to them or their family. How much taller are they? Who is the tallest? Who is the oldest?

READING SUGGESTIONS

- ☑ Tree: Seasons Come and Seasons Go by Patricia Hegarty & Britta Teckentrup
- ☑ Clean Up! by Nathan Bryon
- ☑ The Big Freeze by Pippa Curnick

KEY FACTS

Changes can happen quickly, such as when we cook food, or slowly such as children growing up.

The world is changing- oceans are getting hotter, glaciers are melting.

KEY VOCABULARY

- Words to describe the change they can see: soft, hard, rough, smooth.
- Methods of change: heat, cooling, growing
- Words to describe how they are changing: growing, older, taller, longer

RHYMES YOU CAN SING AT HOME

Humpty Dumpty

I'm a little Teapot

Pat-a-Cake, Pat-a-Cake

HOME ACTIVITIES

Add food colouring to water and freeze it. What changes have they seen throughout?

Go outside early in the morning. Can they see any frost or ice? What does it feel like? Why is it there?
